The Silver Party of Nevada in convention assembled at Carson City, on the 4th day of September. 1894, declare that platforms should assert cardinal principles or eva ion. We hold that history principles are right and equitable pariff. and their observance necessary to secure the welfare and individual pappiness for which this Government was established.

We assert that any law denying or abrilging the right of free coinage of gold and silver into standard money at the legal ratio of 16 to 1, independent of all other nations, is a denial of the sovereignity of the people of the United States as a nation and independent state, and law in re' straint and a ridgement of production and commerce.

We assert that from 1861 to 1894 Inclusive, a period of 34 years ast passed, the Democ atic party and the Republican party have made and administered the law of should always receive a fair comthis nation; that that period has been characterized as of uninterrupted bountiful harvests and bountiful productions from all our great natural resource s and that our people have made unparallel ed advances in skill, in every branch of trautfacture and artisanship; that the period has been one of general health and notwith standing the civil war, a period of unparalleled prosperity from 1861 to 1873. In 1873 the Republican party passed laws in restraint of the coinage of money denying Board of Labor Commissioners be m ntage to silver, the money we need in the pocket of every citizer. and till of every stor . The deca dence of silver has been steady gradual and unrelenting as the grio of the gold standard of money has closed around our industries and labor and the price of every production of labor, by forest, field, mine and manufacture, have fal'en parallel with the decadence of si'ver, which today is worth less than 50 per cent of its standard coinage value at the legal ratio of

dwarfed by the demonetization of silver to the great injury of every laborer, producer and tradesman in the nation.

The volumonef m oney in circla tion should be speedily increased and always be fully adequate for he requirements of business. That all money should be a legal tender for gebts both public and private. That no money should exist except such as issued directly by the National Government and nothing should be money but gold, il ver and Government paper.

We favor the redemption o Government bonds and the probl bition of any further issue thereo n time of peace.

We demand the abolition of Na tional banks.

We demand the collection of the ndebtedness of the Pacific rai way companies to the United States at r matures without any extension of time or change of terms and conditions.

A public office is a public trust No person or party should be truss ed who has once violated that tiust. Every citizen should con rebute to the support of the Gov ernment in proportion to his means and in accordance with the re essity of good gove nment, but no Government so ald augment this burden or enlarge its nocess. of political faith concerning quest ties by unnecessary needless inter tions of political interest and pres- est kearing debts making as less ent moment without equi-scation expenditures, or by failing to promptly collect what is justly due has demonstrated that these t, whether it be a loan , a tax or a

LABOR.

We demand that no law shall be enacted restraining or abridglog t l. e evelopmedts of our natural resources and we guarantee to the people freedom of pursuit and the inalienable right to enjoy the full value of all property that their labor produced. We hold ir as one of the truisms of human existence and modern progress and enterp ise, that capital and labor should go hand in hand in he gegeral advancement, happisass and good of this great commonwealth. Therefore we claim that capital and labor should stand on an equal fcoting before the law, and that the laborer pensation for a fair day's work. That both capital and later have the legal and unquestionable right to organize for mutual protection and self-pr servation.

We believe that a national and State Board of Labor Commissi-nees should be created by law and mad elective by the people, to whom all questions in dispute between capital and labor should be referred and that so it parties a neerned be compelled to arbitra e and that the decision of such final and binding alike on the emp over and employee.

OBEDIENCE TO THE LAWS REQUIRED BY ALL.

"e denounce the criminal sus-Pension of the laws of Congres by the President, such as the ourchasing clause of the Sherman Bullion Purchasing Act; the Geary Act, providing for the deportation of unregistered Chinese, when its constitutionality has been affirmed by the Supreme court. and his neglect and refusal to enforce the Anti Trust and Inter state commerce Acts against wealthy offenders.

BLECTIVE PRANCHISE.

We denounce the purchase and sale of Elective Franchie as de structive of our liberties and treason to our Government. We demand the disfranchisement of both parties to the crime, and the punishment of the prisoner by fine and imprisonment. The fra chise once sold shall be gone forever.

LOTTERIES. The establishment of a lettery in this State would be a blot upon the people and would result in financial and moral degradation. Therefore, in the language of our constitution, "No lottery ticked shall be authorized by this State. nor shall the sale of lottery ticket. be abowed." We condemn in equal terms all Legislatu is this State which have attempted to legislate or authorize lotte leor the sale of lottery tickets

We are unalterably opposed to the ratification of the proposed amendment to Section I, Art cle II of the coastitution of our State wherein it ignores all questions of amnusty to persons who after ar riving at the age of lighteen years bear arms against the United States Government, for the reason that the same is unAmerican in spirit and contrary to the clem ency already extended to such persons for over thirty years, and we therefore recomend to the voters of the State to vote "No on this proposition,

SCHOOLS.

We are justly proud of the pub lie scools and State University of Nevada; we believe they should be fostered and protected above all other institutions, as upon them rests the perpetuity of the Gov ernment and the securities of our liberties. We are in favor of such legislation as will increase the effi ciency and raise the standard of the public schools and State University until a thorough education, with reach of every child in Nevada.

Wedenounce in the strongest erms the constitutional amend eat to be submitted to the people the casuing election for the ns t vestment of school monies in other ecurities than U.S. Government or Nevada state bonds and reco mmend to the electors of this state that the amendment referred t which provides among other things that our school monies may be in vested in any other bonds than National and Nevada State be voted against and defeated, and our millions of school money saved from loss by an unsafe in vestment.

We'look to the People's party of America as the only national party in existence today honestly in favor of any of the above prin ciples and reforms, and we pledge is the hearty support and co oper ation of the people of Nevada in its eff at to maintain and carry out the same and the nominee of this convention for Congressman, in the event that he shall have a vote for the President of the United States as a member of the House of Representatives, is here by plodged to vote for the nominee of the People's party unless other wise instructed by the Silver Party of this State

Since the accession of the party to the management of county ffairs there have been no official canda's and no investigations by Grand Juries, while the letting of f audulent contracts in the interest of county officials has been wholly done away with.

Each department of the County Government has been honestly and economically managed, with an actual saving to the taxpayers of nearly \$10,000 per annum for

the past two years. Under these circumstances the 8 Iver Party of Ormsby feel justi fied in again demanding the supout expense, is placed within the port of the voters and taxpayers of the county at the forth-coming

> This Convention denounces as ill-timed, insulting and inconsistent, the demand for his resignation by the Republican State Central committ e of Nevada, who by their illogical and impersinent demands for the withquawal from the Senate of the United both continents as one of the eading silver exponents of the World, have torn aside the miser able mask of monometal ism that has so long covered the face of the Republican party of Nevada.
